

# VISION & VALUES

## Part 1

Adam Bowers | 7/11/21

---

### **First Free Church Vision Statement**

First Free Church is a growing community passionate about worshiping God, reaching the lost, growing spiritually, praying continually, deepening community, and developing leaders who continue those pursuits in every area of life.

1. What aspects of the vision statement presented on Sunday resonate the most with you?
2. How can your group better reflect this vision?

### **Jesus is the Difference**

He's not just the gateway to heaven, he's the difference in our lives and our access to God's kingdom now. Jesus is the difference between a life of guilt or grace. He's the difference between a life of emptiness or fulfillment. He's the difference between wandering and purpose. He's the difference between discouragement and hope.

3. What is one unexpected way that Jesus has made a difference in your life?

### **Love is a Verb**

The only way to follow Jesus is by putting love in action. If we say we love God and others but do nothing as a result, we don't really love.

4. 1 John 3:8 tells us not to just say that we love each other but to show our love by our actions. Can you think of an example of love in action within the family of God that deeply impacted you?
