

VISION & VALUES

Part 2

Adam Bowers | 7/18/21

Heaven is Big

We understand that God's kingdom is made up of many diverse people and different cultures. We choose to unite around the most important beliefs and not divide over secondary issues.

1. Are you familiar with the buckets of belief from the Undivided series and, if so, how have you been able to apply the buckets to your beliefs?

Outreach is for Everyone

The gospel came to you on its way to someone else. Every believer should learn to be a missional Christian, living out their faith in public and introducing people to Jesus wherever they are.

2. What does it mean to be a missional Christian and how can you take steps toward living this way?

Community is Core

Groups are the hub for everything we do: community, care, service, and growing with God. God designed His children for close relationships with each other. We believe everyone in our church should belong to a group. Groups are a safe place for broken people.

3. How has being involved in a group been a positive experience for you?

Leadership is Learned

We develop leaders who impact the world for Jesus in all walks of life. Everyone can grow to be a better leader.

4. In what ways do you see yourself as a leader (an influencer of others) for Jesus? In what ways would you like to grow as a leader?
