

Worshipping Together

Adam Bowers | 9/26/21

1. Why did Paul ask Timothy to lead the church in Ephesus?
2. What were some of the likely problems the Ephesian church was experiencing in its worship services?
3. Why is it significant that Paul gives general guidance for worship gatherings but leaves many aspects of the gathering without specific instruction?

Adam shared four things to consider when interpreting the Bible:

1. Consider the context of the instruction
 2. Consider the original language
 3. Consider other similar passages in Scripture
 4. Consider what is the principle and what is the expression of the principle
4. Were any of these new to you? Which is the most challenging to practice and why?
 5. What does Paul say to the men and how could this apply to men today?
 6. What does Paul say to the women and how could this apply to women today?
