1. What service experiences have you had in the past -- Mission trips, ministry events, weekly serving, caring for neighbors? How did serving in these ways impact you? (If you're discussing this in a group, share some of your service experiences.)
2. How has serving in the past affected your relationships with those with whom you served?
3. How are you serving presently? Is it possible to serve too much? How do we know how much service is the right amount?
- 4.
5. What areas of serving others would you like to explore? (individually or as a group)
6. According to Ephesians, one important role of the church is to equip believers to do God's work and to build up the church. In what ways can First Free Church equip the believers for acts of service? (In addition to discussing this in your group, please feel free to share ideas with me at kevin@efree.org)
