

## Does God Still Heal Today?

*Adam Bowers | 10/23/2022 | Acts 5:12-16*

1. Have you ever prayed to God for healing? What was the outcome?
2. Why can supernatural healing be a challenging topic for people to talk about?
3. Do you think God gives believers the gift of healing today? Why or why not?
4. In the epistles (letters to believers), Christians are encouraged to use medicine and pray for healing but seeking faith healers is never mentioned. Why do you think that is the case?
5. Sometimes we pray passionately and regularly for healing that never comes. Why can sincere prayers from faithful people not be answered with healing sometimes? (Read 2 Corinthians 12:7-10)
6. Is there a specific case of healing that you are praying for this week?
7. What is your biggest takeaway from this week and how will you respond to it?
