

## Good Works, Good Will, Good Neighbors, Good News

1. From the message on 1 Peter 2:9-12, what was something that encouraged, stretched, surprised, or helped you?
2. Can you share about a time when doing good works or being a good neighbor led to opportunities to share the good news of Jesus? (The example could be from your life or from another's.)
3. What are some admirable or winsome traits of a good neighbor in the community or in the marketplace?
4. Many unchurched people have negative stereotypes about followers of Jesus. Put yourself in their shoes for a moment. What could a Christ follower do to move the needle toward you considering the Christian faith?
5. What are some specific ways you could build bridges toward a non-Christian through good works or being a good neighbor in your neighborhood or workplace? Who is the one person God seems to be putting in your path?
6. Do people listening to you think that you think you walk in wonderful light? How do our actions and words either draw people toward or away from believing the gospel?
