

Embrace Community (Part 2)

Adam Bowers | 6/9/2024 | Hebrews 10:24-25, Ephesians 4:2-3, Galatians 6:2

1. Reflect on your own experience—how has making friends changed from childhood to adulthood? What factors do you think contribute to this change?
2. How do the different relationship circles (public, social, personal, transparent, divine) resonate with your personal relationships? Which circle do you find most challenging to fill and why?
3. Discuss how technology impacts your ability to form and maintain deep, meaningful relationships. Do you see it as more of a help or a hindrance?
4. Reflect on the progression of conversation topics from superficial to deeply personal. How comfortable are you with each stage, and how can you improve your communication to build deeper connections?
5. How does Jesus' approach to building relationships (as seen in Mark 2-4) inspire or challenge you in your own efforts to build community?
