

Dogma

Adam Bowers | 4/19/2026

1. Think of a time when a relatively small, secondary issue felt so large that it blocked your vision of the main thing. What was the result of that perspective shift?
2. What are some ways we can intentionally guard our own families, groups, or our church from drifting toward secondary concerns at the expense of our primary purpose?
3. We identified six pillars of the gospel: God, People, Sin, Jesus, Life, and Peace. Which of these pillars resonates with you most right now, and why does it feel essential to your faith?
4. Read Galatians 1:6–9. Why is it important to have distinctions between the gospel and other beliefs?
5. If we disagree with someone on a preference, conviction, or doctrine, but agree on the core dogma, how can we practically show them grace while still holding to our beliefs?
6. If we truly believe the gospel, our daily lives should look different. How is your daily life impacted by the gospel?
